### **2024 Shareholder Resolutions Directory with Proxy Voting Recommendations**

March 2024

The Committee on Mission Responsibility Through Investment (MRTI) met on March 2, 2024, and reviewed shareholder resolutions submitted to corporations for their 2024 Annual Meetings. These resolutions concern social and ethical issues related to the corporations' business operations and policies, including 23 new resolution topics this year. Based on General Assembly policy, MRTI examined the new resolution topics and adopted recommendations on voting of proxies in support or opposition to these resolutions, or whether a formal vote of abstention should be recorded.

#### **Proxy Voting Process**

MRTI reviewed the 368 resolutions that faith and values-based investors submitted to 239 corporations, a slight decrease from the 377 resolutions filed at 227 companies in 2023. Many of these resolutions will not appear on the proxy statement when it is mailed to shareholders. Often negotiations between the corporation and the shareholder filing the resolution result in an agreement about the subject matter, and the resolution is withdrawn. Some resolutions may not appear because the corporation challenged them before the Securities and Exchange Commission (SEC) contesting that the resolutions failed to meet one or more of the SEC's rules and regulations. These objections might refer to the substance of the resolution or pertain to technical matters such as length of ownership of the stock. If the SEC finds merit in the corporation's arguments, the SEC will inform the corporation that it will take no action if the resolution is omitted from the proxy.

#### **Presbyterian Church (USA) Shareholder Engagement**

For your information, MRTI filed or co-filed 11 resolutions using stock held in the Board of Pensions General Assistance Fund or by the Presbyterian Foundation. These include **AIG, Becton Dickinson, Goldman Sachs, J.P. Morgan Chase, Meta, Southwest Airlines, State Street, Texas Instruments, Tyson, Walgreens, and Wells Fargo**. The resolutions at Becton Dickinson, Southwest Airlines, and State Street have been withdrawn. The resolution at Walgreens received a vote of 8% at the Annual General Meeting of shareholders. The remaining resolutions are pending.

## General Assembly Divestment Policy

The General Assembly has a policy of not investing in certain corporations due to human rights concerns, involvement in military-related production, environmental concerns and/or tobacco. Some of these corporations received shareholder resolutions. Although the General Assembly urges Presbyterians not to hold shares in these companies, MRTI formulated recommendations on proxy voting that includes these companies because some congregations or individuals may still own their shares. Companies on the GA divestment list are marked with an \* **asterisk** if they appear on the list (see KEY).

The latest GA Divestment/Proscription List is available on the MRTI website:
